Program Description

Global Partnership Schools is committed to engaging parents as partners to ensure their children are given every opportunity to aim high, dream big, and reach their goals. Our specially trained teachers offer a unique after-school experience in a safe, caring environment that enhances learning and advances well-being. They work together with parents and take a holistic approach in assessing needs and developing each child's individual learning plan that will guide instruction. Global Partnership Schools will open new doors using technology that makes learning fun in a more meaningful way while expanding a child's capabilities. We will work to identify and remove barriers to learning and provide extra attention to the unique needs of special education students and English language learners from all cultural backgrounds. Parents know their children better than anyone, and Global Partnership Schools understands the invaluable contribution they have on their child's academic success. Working together, we can help children succeed in school and enter the world with boundless opportunities for improving their own lives and the world around them.

After-school instruction will operate Monday through Thursday. Saturdays may also be an option. Sessions for students will run 2 days for 90 minutes each.
